

## **Ethics on Treatment of Competitors**

The Board of Directors conducts business within a framework of free and fair competition. Policy and Guidelines for treatment toward competitors are as follows:

1. Treating competitors according to the rule and manner of good and fair competition.
2. Not seeking confidential information of competitors with fraudulent, dishonest, or inappropriate method or in breach of laws.
3. Not intentionally destroying reputation of competitors with groundless slander.
4. Not performing any acts which breach intellectual property and copyright of competitors.
